

WSEN PREAMBLE

QST, QST, QST, This is __<Call Sign>__ in __<state your city>__ calling the Washington State Emergency Net.

This net meets on Mondays at 6:30 PM local and on Saturdays at 9:00 AM local time on 3985 KHz, with a secondary frequency of 7245 KHz.

This is a directed net. Please use your call sign for recognition by net control.

The purpose of this net is to support and maintain the communication capabilities of ARES/RACES in the State of Washington.

All amateurs interested in emergency communications are invited to check in.

Visitors are encouraged to register with their local ARES or RACES groups to become members of this net, and are welcome to check in when their county is called.

Out of state check-ins will be handled at the end of roll call.

When checking in, please identify your appointment.

Do we have any emergency or priority traffic?

(Handle now)

Any net reports or announcements? Give your call sign only, please.

(Handle now)

Are there any mobile or emergency powered stations that wish to check in?

(Start roll call) Roll call will be called in roster order. (Start with Section & State Staff)

(After roll call)

Are there any late or missed stations? Come now with your District, County and call sign please.

Are there any out-of-State visitors wishing to check in?

Is there any final business for the net?

This is __<Callsign>__ closing the Washington State Emergency Net.

Thank you for checking in.
